## Advent International Film Festival

Welcome to the season of light and hope. The heartbeat of this holy season is slow and deliberate, calling us to watch and wait expectantly for all that God is doing. Emmanuel; God with us. This is the hope in which we live. With expectant longing we wait for the Christ; for God's love being born among us. Throughout the weeks of HOPE, PEACE, LOVE, and JOY, join us as we explore the deep spiritual and theological themes of this wonderful season through the art of film.

Your favourite movie-house refreshments will be on hand and all films will begin sharply at 7pm. A time for reflection and discussion will follow each film. Come and see Advent with new eyes...
